SCRATCHED 28 YEARS

A Scaly, Itching, Skin Disease, with Endless Suffering, cured by CUTICURA.

It had known of the CUTICURA REMEDY twenty-eight years ago. It would have saved me \$200 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me at the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was my ruin, some ringworm, leucaria, etc. I took ... and ... Sarsaparilla over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDY too much. The physician made my skin as clear and free from scales as a baby's. All I used of them was three boxes of CUTICURA, and three bottles of CUTICURA RESOLVENT, and two boxes of CUTICURA SOAP. If you had been here and said you would have cured me for \$200 you would have had the money. I looked like the picture in your book of Psoriasis (picture number two). "How to Cure Skin Disease," but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am well. I scratched twenty-eight years and it got to be a kind of second nature to me. I thank you a thousand times. Anything more that you want to know write me, or any one who reads this may write to me and I will answer it.

Quite a number of friends assembled at Knox Church on Tuesday afternoon, the 16th October, to witness the nuptials of Mr. A. W. R. Markley, of Calgary, and Mrs. McNulty, daughter of Mr. R. C. Jardine, of this town. After the wedding ceremony the happy couple left for Calgary where they will reside. The bride was the recipient of many handsome and valuable presents. We extend to them our best wishes for their future happiness.—Lethbridge News. [The TIMES most heartily wishes Mr. Markley and his bride long life, happiness and prosperity.]

On Wednesday evening last quite a large number of people assembled at St. Alban's Church to witness the marriage of the Ven. Archdeacon McKay to Miss McLean, third daughter of the late Bishop of Saskatchewan. The ceremony was performed by the Rev. Canon Flett, B.A. The bride was attended by the Misses Fortesque, while the groom was assisted by his brother, Mr. James McKay. The Hon. L. Clarke gave the bride away. After the ceremony the bridal party and guests were driven to the residence of the Hon. Mr. Clarke, where a sumptuous repast was partaken of and an enjoyable evening spent. The bride was the recipient of a large number of handsome and valuable presents. The TIMES joins with the congregation of St. Alban's Church and the people of Prince Albert generally in extending their best wishes for the welfare and prosperity of the Venerable Archdeacon and his amiable bride.

There was quite a furore in town yesterday morning when it became known that warrants had been issued for the arrest of some of our saloon keepers and one or two others for selling liquor. Great indignation and surprise was expressed when it became known that the informant was one of the "boys"—or appeared to be. The whiskey-detective, as he turns out to be, was none other than Pat Doyle, alias Nolan and one of Chief Whiskey-Detective Constantine's myrmidons. Doyle came to this district about three months ago and worked in the country, for a blind, for about two months, after which he came to town and wormed himself into the good graces of all the hotel men and made himself right at home. He has been working up this contemptible business for about a month and yesterday sprung the trap. Doyle alias Nolan alias several other names is a young man about 5 feet 10 inches high, slim built, fair complexion, wears a light moustache and has a very decided Irish accent. The cases will come up before Supt. Perry to-day, but we expect they will be remanded until next week.

DUCK LAKE.

Mr. Bourgeois, D.L.S., left for Moose Jaw last week. He will return here at once and finish visiting the Metis, who have not yet made entry for their land.

The residents of this district will hold a public meeting on Sunday next to petition the Government for certain improvements.

Wire has been received here for the new line to Batoche, which will be strung at once.

A new priest has been stationed here in place of Father Touze, who has gone to France.

Our people are much pleased at Mr. Mitchell's appointment to the Advisory Board in Territorial Parliament. This is possibly one of the best appointments that could be made.

Threshing is now going on on the different Indian Reserves. The harvest yield is fully up to expectations. Mr. Lawrence Lovell has charge of the I. D. new thresher.

Mr. Montour, who was injured by falling off a wagon some time ago, is recovering rapidly.

All-India Day was generally observed here. The Government offices, stores, etc., being closed.

The weather is fine, and all the snow has disappeared, but frosts are the roads are very heavy yet.

Justice McGuire Mr. H. W. Newlands and James McKay left for Battleford on Wednesday last. The judge will hold a Sitting of the Supreme Court on Tuesday next, the 6th inst.

A meeting of the ratepayers of School District No. 3 will be held in the public school on Tuesday next, the 6th inst., at 11 o'clock a.m. for the purpose of electing a trustee and other important business.

For 1888 Canned Goods go to R. T. Goodfellow's.

Some time ago an order-in-council was passed appointing November the 15th as Thanksgiving Day for the whole Dominion of Canada. There has been no official proclamation issued by the Lieut. Gov. of the Territories as yet.

Some time ago the bandmaster complained to the council that one of the bandmen would neither attend at practice or give up his instrument. A writ was issued and the sheriff seized the instrument, and a few days after the contrary bandman issued a writ of replevin. The case will be tried at the next court.

A fresh lot of choice Confectionery has just been received at R. T. Goodfellow's.

Teemer and O'Connor have at last signed articles to row a race, for the championship of America and \$1,000 a side, at Washington on the 24th inst. Great interest will be taken in this sculling race as it will decide a vexed question, and the winner is to go to Australia to row for the world's championship against Kemp.

A few barrels of apples left at Walters & Baker's.

The convict who escaped from Stony Mountain Penitentiary a couple of weeks ago was Garnet, who "held up" one of our esteemed citizens along with the stage driver and robbed the mail. No. 23 was employed as servant to the Rev. Mr. Goulding, chaplain of the penitentiary, and was left in the house two weeks ago last Sunday by that gentleman while he held service in the penitentiary. When the reverend gentleman returned some hours later he found a note from the convict and in it was written: "I have gone to visit my mother." The parson's best suit of clothes and a valuable horse from the stable was also gone. No. 23 has not been heard of.

Walters & Baker are offering Overcoats and Pea Jackets at such low prices that everybody should have one.

MANITOBA RAILWAYS.

After a hard fight Manitoba suc-
ceeded in ridding herself of the C.P.
R. monopoly and secured the en-
trance of the Northern Pacific rail-
way. Their troubles with the former
road do not appear, however, to have
come to an end. The Northern
Pacific road is building branches to
Portage la Prairie and Brandon and
find it necessary, in order to reach
those points, to cross the C. P. R.
lines; permission to do so had to be
obtained from the Ottawa Govern-
ment, but the Government did not
see fit to grant the required per-
mission, and referred the matter to the
Supreme Court of Canada for an
opinion as to the claim put forward
by the Northern Pacific. The Gov-
ernment of Manitoba, in the mean-
time, undertook to force a crossing
but were met by a stronger force on
the part of the C. P. R. It looked
very much at one time as if there
would be serious trouble if not blood-
shed over the dispute, but the N. P.
and Manitoba Government backed
down. As the point involved is a
purely legal one which will be de-
cided by the Courts we see no reason
why there should be any talk of us-
ing armed force. The C.P.R. have
rights which must be respected and
if they are right in the matter refer-
red to, the other party will have to
submit. If on the other hand they
are wrong, the Courts will not hesi-
tate to say so and give the Northern
Pacific the right of way across the
lines of the other company.

No presidential election in recent
years has admittedly been shrouded
in so much uncertainty as that to be
determined on Tuesday next. Ordi-
narily the great majority of the
states can be determined with accu-
racy long before the ballots are
counted, the only question being as
to the figures of the plurality and
the battle ground has been narrowed
down to three or four states, such as
New York, Indiana, New Jersey and
Connecticut. But while all these
remain doubtful, this year the list of
uncertain states has been enlarged
by the addition of Michigan, Minne-
sota and Illinois, the Democrats

professing more than a hope of car-
rying these hitherto Republican
strongholds. The tariff issue is
practically the only subject of debate
in the campaign, and the educating
influence of the contest on the mas-
ses can hardly fail to lay basis of a
more intelligent understanding. Up
to this time the campaign has been
somewhat tame, perhaps due in a
measure to the continued sitting of
Congress; and of the outlook all that
can be said is that it is full of un-
certainty with the result hinging
upon New York.

The advocates of commercial
union and annexation met with an-
other crushing defeat in the result
of the recent by-election in Shel-
bourne, N.S. This county returned
grits at every election since Confed-
eration until at the by-election held
there in December last, when Gen.
Laurie, Conservative, was elected by
a majority of eight. At the election
on the 22nd ultimo, General Laurie
was again elected by an increased
majority, and, that notwithstanding
the fact, the whole grit force was
arrayed against him. The Wiman
fad does not appear to be popular
in Canada. A contemporary truly
remarks that this election was a
grand victory for Canadianism.

Acton Burrows, editor of the Win-
nipeg *Call*, and W. F. Luxton, edi-
tor of the *Free Press*, have been
committed to stand their trial for
libel. The charges against them
were preferred by J. Martin, and
T. Greenway, Attorney-General and
Premier respectively, of the Province
of Manitoba. The suits will be tried
at the assizes this month. We, of
course, have no opinions as to the
truth or falsity of the charges made
against Greenway and Martin by the
Call and *Free Press*, but we antici-
pate that the editors of both papers
had reasonable grounds for believing
in their utterances. We hope to see
both journals pull through all right.

We understand that there are two
or three criminal cases to come be-
fore the court at Battleford next
week. So far there is no matter of
a criminal nature awaiting trial here.
We have not had a criminal trial in
Prince Albert since July, 1887; :
state of things which speaks well for
the general morality of the settle-
ment.

Mr. R. Ouellet has been appointed gen-
eral manager of all the northern trading
posts of Messrs. Stobart & Co. We are
pleased to congratulate Mr. Ouellet on
his promotion.

We have noticed in several of the Ter-
ritorial papers an advertisement calling
for tenders for the carrying of the mail
from Prince Albert to Puckahn and Kin-
istino, while there is no advertisement in
the Prince Albert TIMES, the only paper
within hundreds of miles of the district
through which the mail passes. Kinistino
is only forty miles from Prince Albert.

A PERFECT ENIGMA.

One of the curiosities of the newspapers is an enigma to us, and it is that the Good always want to ride free. We can understand who the Good should ride to heaven on flowery beds of ease and without costing them a cent, but why the Temperance cause, the Woman's Suffrage cause, the Sunday School cause, the Church Bazaar cause, the Don't-Whip-the-Poor-

Horse Society cause and a host of other "causes" each and all, simply and collectively, should desire the courtesy of a "gratuitous insertion" for their several interests is what bothers us. The Devil's people always stand ready to pay their bills. A publisher never gets stuck on his advertisements for rum dealers, lottery men, women pill doctors, etc., *ad lib.*, but when the so-called Truly Good appear the whole thing must be done on the deadhead system. Brethren, wake up! These things are not right. Don't let the Devil beat you in paying your just dues and don't try and make the printer take his reward, for work done in "virtue" he can't pay his grocer in that sort of stuff. "Render unto Caesar the things that are Caesar's"—i.e., pay the printer in pumpkins, potatoes, cordwood, grindstones, cash, anything but tracts; pay these to those who do less for the public interests than the printer. In other words subscribe for your local paper and pay for it and pay your bills for "causes" as fast and as well as the Devil does his.

A TRAVELLER'S EXPERIENCE.

Mr. Wm. Leavitt, representing Ames Holden & Co., Montreal, states:—Nasal Balm is the best preparation on earth for catarrh, my own case being of the worst kind; and after trying every remedy offered without relief, I was induced to try Nasal Balm, which offered immediate relief. The rapid manner it relieves stoppage and clogging of the nasal passages, stops the droppings of poisonous secretion from the head into the throat, is truly wonderful, and should be known to every sufferer from catarrh or cold in the head.

AN ALTERNATIVE.

ALONZO ARBOTH, WINDSOR, VT., says: "I believe PAINE'S CELERY COMPOUND saved my life. My trouble seemed to be an internal humor. Before I read it I was covered with an eruption from head to heel. The eruption is rapidly healing, and I am five hundred per cent. better every day."

A LAXATIVE.

A. C. BEAN, WHITE RIVER JUNCTION, VT., says: "For two years past I have been a great sufferer from kidney and liver troubles, attended with dyspepsia and constipation. Before I began to take CAUSEY'S COMPOUND it seemed as though everything ailed me. Now I can say nothing ails me."

TOWN COUNCIL.

On Monday evening last Couns. Stewart, McPhail, Knowles, Davis and Agnew assembled at the Civic Board to have their usual weekly tussle.

His Worship the Mayor not being present Coun. McPhail was voted to occupy the chief magistrates seat.

There was quite a large assembly of ratepayers present, most of them interested in the sidewalk question.

COMMUNICATIONS.

The clerk read a communication from H. W. Weatherby asking for a dray license, which was granted.

The treasurer presented a budget which showed the town to be in a good financial position.

The council rose for half an hour in order that

THE FIRE, WATER AND LIGHT COMMITTEE.

Might present their report, which after a hot discussion the council resumed and the committee recommended the following: That the Inspector's report be referred to Couns. Hamilton for his award thereon, at the same time that Mr. Moffatt place a written report on the same subject to Mr. Hamilton and further that Moffatt be furnished a copy of the inspector's report to enable Moffatt to give Hamilton the necessary report.

That Moffatt's account for \$11.55 be reduced to \$28.81, as follows: 1030 feet plank, \$27.81; teaming \$1. And would recommend the amount of \$28.81 in full of the above account be paid to the said James Moffatt.

That Mr. Hamilton's report be accepted. Couns. Knowles and McPhail urged that the tank be taken over and that the contractor be paid. Owing to the very unsatisfactory report by Mr. Hamilton, Couns. Agnew moved and Davis seconded That the report of the Fire, Water and Light Committee be laid on the table until the next regular meeting. Yeas, Coun. Agnew, Davis and Stewart; nays, Couns. McPhail and Knowles.

Coun. Knowles moved and Stewart seconded that the following be referred to the Board of Works: That the sum of \$25 be applied for the purpose of putting in a culvert on McKay Street where McLaren Street intersects and that the Board of Works be instructed to carry out the placing of said culvert and that the sum for the costs thereof be taken from the sum granted to the Board of Works for sundries. Carried.

A motion by Coun. Stewart and seconded by Coun. Davis: That an extra plank be laid from McLeod's store to Jackson's to complete sidewalk as a temporary work, was passed on the following division: Yeas, Agnew, Davis and Stewart; nays, Knowles and McPhail.

Coun. Agnew moved and Davis seconded That the Fire, Water and Light Committee ask Mr. C. Hamilton, arbitrator on the tank built by Moffatt, to report to them on the work in dispute as to whether the extra work ordered by the inspector is the cause of the leakage in the tank or not and that the committee report on Hamilton's report at the next regular meeting of the council. Carried.

Coun. Davis moved and Coun. Stewart seconded That the Board of Works be requested to expend on King street, between River street and First street, \$50 from the surplus remaining from the main drain. Carried.

The Council then adjourned.

CONDEMNED AS A FRAUD.

The Temperance Colonization Company has been condemned as a fraudulent concern by one of our most eminent judges lately. Chief Justice Galt delivered judgement in the case of the Temperance Colonization Company vs Fairfield, holding that the company had induced subscribers to take stock by means of misrepresentation when they said they had obtained several millions of acres of land in the Northwest from the Dominion Government, when as a matter of fact they had none. He held that the contract was induced through fraud, misrepresentation and deceit, because the company had been made to distinctly understand, by the late Minister of the Interior, that they could not have the privileges asked for. The judge ordered that the contract be set aside and that the defendant receive back the amount he had paid with costs. This is a test case, and it is now in order for our neighbors up the South Branch to enter actions and recover monies paid the company on the representations condemned in this judgement.

The following resolution was unanimously passed by the council of the municipality of Posen:—"That this council recognizing the necessity and importance of the construction and operation of the Hudson's Bay railway, both to this municipality and the province generally, respectfully requests the Provincial Government to redeem the promises so frequently made by them during the late elections, by giving such aid as will ensure the immediate construction and operation of the said road; and further more we strongly disapprove of the action of the Government in withdrawing the offer made by its predecessors in office, thus depriving us of railway facilities, the promise of which led to their election; and that a copy of this resolution be forwarded to the Hon. Thomas Greenway, Premier of Manitoba, the Hon. E. P. Prendergast, Provincial Secretary, and to the *Call* and *Free Press*."
